

SILKOLENE SUPER 4 RANGE

Semi-synthetic 4-stroke engine oil for modern motorcycles

Description

SILKOLENE SUPER 4 grades are semi synthetic 4-stroke engine oils designed for use in both On-Road and Off-Road motorcycles. They protect the engine and transmission with advanced additive chemistry from start-up to full power.

SILKOLENE SUPER 4 grades are blended with a high performance additive system incorporating detergents, dispersants and load carrying agents to give excellent engine cleanliness and minimum component wear. SILKOLENE SUPER 4 uses a balanced formulation to ensure correct operation of oil immersed clutches and other drive line components.

Application

SILKOLENE SUPER 4 10W-40 and 20W-50 are multigrade 4-Stroke engine oils specifically designed for 4-stroke motorcycle engines On or Off-Road.

Specifications/Approvals

SILKOLENE SUPER 4 10W-40

- JASO MA2
- API SJ / SH/ SG / SF Performance

SILKOLENE SUPER 4 20W-50

- JASO MA2
- API SF / SG Performance

Advantages / Benefits

- A choice of two viscosity grades
- Suitable for use in all 4-stroke motorcycle engines on or off road
- Anti-wear and load carrying agents protect camshafts and bearings and other internal components
- Advanced inhibitors and high quality base fluid minimise internal sludge and varnish deposits
- Balanced frictional characteristics give precise and slip-free clutch operation
- Extreme pressure and lubricity additives ensure quiet and trouble-free gearbox lubrication
